TR37 Pendant

Description

The TR37 brings a new twist to the Tom Rossau collection, with a more graphic expression. The white soft lamella shade placed in a black geometrical steel frame, defines a perfectly balanced contrast.

The TR37 stands out from the traditional organic birch veneer lamps and offers a modern expression. The white shade provides a good amount of diffused and functional light.

TR37 comes as a pendant, floor and table lamp, and is a collection that meets a versatile range of lighting needs.
