- *Charger is not included. Charging time is based on using a 10W 5V(DC), 2A charger.
- **Charging output voltage is 5V(DC) maximum, using a charger with higher voltage will damage the internal electronics beyond repair.
- The glass shade is mouth-blown in our glassworks in Oxfordshire, England. The blackened bronze handle is made in England. The finished light is assembled and tested in England using an imported rechargeable LED unit containing the battery, control electronics and LED light source.
